By the mode proposed, subscribers will derive this farther advantage. That as the weekly paper will contain accounts of all races in calendar form, as they from time to time come off, notices of races to come, sweepstakes open or closed, matches, "on dits," weekly occurrences, sporting and agriculture intelligence generally and a multiplicity of the like, not requi-site to carry into the Magazine as matter of record or reference, its pages thus divested of much extraneous matter, with which they would otherwise in some measure of necessity be clogged, will have the more room for that which is entertaining or instructive and thereby be rendered a work of greater interest.
